

Meeting 8 Notes 4/9/19 10-10:50am

All members present

Tasks for the week:

1. Wyatt - work on getting the information from the database handler function into the calendar view on the index page
2. Dom - help Wyatt with the information reading, making the add workout form insert workouts to the database
3. Scott - making sure that if a user creates an account that a duplicate account does not already exist
4. Dan - logout button, error messaging/how to do that (alerts, text in a place)
5. Madi - create the milestone 5 UAT plans
6. All - revise the milestone 5 document when Madi finishes
